

S4FE-D

CBRN DECON PRODUCTS

SAFE AND EFFECTIVE ☣️**CHEMICAL**, ☣️**BIOLOGICAL**,
☣️**RADIOLOGICAL** AND ☣️**NUCLEAR DECONTAMINATION** FOR
MILITARY, CIVIL DEFENSE AND EMERGENCY SERVICES.

S4FE-D™ CBRN Decon Products are the safest and most effective rapid decontamination products available. Our proprietary Bind-It™ Decontaminate Formula attracts, binds and encapsulates contamination in solution, while strong surfactants lift away dirt, dust, oils, grease, bacteria, germs, viruses, blood, biological material, chemicals, narcotics, and radioactive contaminants.

KEY FEATURES

- Effective cleaner and decontaminant in one
- Highly effective on: Tc, Mo, I, F, Tl, Ga, In, Cr, Sm, Cs, Ac, Pb—all nuclear medicine isotopes
- Extremely effective on I131; clean isolation rooms and patient accidents
- Binds and removes radioactive skin contamination
- Non-corrosive, non-toxic, non-flammable, skin-safe formula with a pH of 6.5
- Safe on delicate detectors, probes and survey meters, as well as lead glass
- Ideal for cleaning washrooms, bench tops, fume hoods, floors—most surfaces
- 48 month shelf-life (open or unopened)
- Pleasantly scented - no harsh odors
- Safe on all CBRN Safety and HAZMAT Gear
- Safe for use on firearms and optics

Bind-It™ Decontaminate is a highly effective, non-corrosive, radioactive removal solution that is pleasantly scented and safe for routine use. Bind-It™ is designed to be effective on most Isotopes and is especially effective on all radio-iodines. Bind-It™ has been independently tested and is used by hundreds of nuclear pharmacies, nuclear medicine departments and veterinary hospitals. Bind-It™ is effective on I123, I125, I131, I129, Tc99m, TI201, In111, F18, Ga67, Ga68, Lu177, Mo99, Ac225, Cs137, Pb212, Cr51, Sm153 and more.

Bind-It™ Decontaminate is shelf stable, the stability is unaffected by exposure to air. Bind-It™ Decontaminate has a guaranteed shelf life of at least 48 months, open or unopened.

For external use only. IRRITANT, MAY IRRITATE EYES AND MUCOUS MEMBRANES. If swallowed, contact a Poison Control Center or your doctor immediately, do not induce vomiting. If in eyes, rinse well with water for 20 minutes.

QUICK AND CONVENIENT

Rapidly decontaminates equipment, vehicles, personal gear, weapons and exposed skin. S4FE-D™ disposable wipes are fast, simple to deploy, and readily disposed of safely and easily. Our non-toxic, non-corrosive, non-flammable, neutral pH decontaminate formula can be applied to anything without fear or damage to skin, finishes or delicate surfaces.

Proudly Made in the USA

CBRN DECON INDIVIDUAL RAPID TOWEL (D.I.R.T.)

S4FE-D™ CBRN Decon Individual Rapid Towel (D.I.R.T.) is an extra large 10"x13" single-use personal decontamination towel designed for rapid deployment while in the field. One massive wipe in a tear-open pouch for quick and easy decontamination of virtually anything. S4FE-D is the safest and most effective rapid decontamination product available.

Our proprietary Bind-It™ Decontaminant Formula attracts, binds and encapsulates CBRN contamination in solution, while strong surfactants lift away dirt, dust, oils, grease, blood, biological material, chemicals, and radioactive contaminants. **When in doubt, rub D.I.R.T. on it!** Our single use, quick-access pouch contains 1 pre-wetted 10" x 13" wipe.

- Effective cleaner and decontaminant in one
- Effectively removes heavy metals like lead, ideal for range use
- Binds and removes radioactive skin contamination
- Non-corrosive, non-toxic, non-flammable, skin-safe formula with a pH of 6.5
- Safe to use on all CBRN Safety/HAZMAT Gear
- Safe for use on all firearms and optics, won't damage finishes
- 48 month shelf-life (if bag is kept sealed)
- Pleasantly scented - no harsh odors
- Ideal for rapid decontamination of person, PPE, and gear in one wipe
- Fits into thigh, calf or bicep pocket for easy access and deployment

CBRN DECON WIPES POUCH - 50 COUNT

S4FE-D™ CBRN Decon Wipes are the safest and most effective rapid decontamination product available. This soft pouch is easy to store, easy to access and has 50 wipes for repeated decontamination and cleaning of skin, PPE, gear, optics, firearms, vehicles, and more.

Our proprietary Bind-It™ Decontaminant Formula attracts, binds and encapsulates CBRN contamination in solution, while strong surfactants lift away dirt, dust, oils, grease, blood, biological material, chemicals, and radioactive contaminants. *Our resealable, quick-access pouch contains 50 pre-wetted 5" x 7" wipes.*

- Effective cleaner and decontaminant in one
- Highly effective on: Tc, Mo, I, F, Tl, Ga, In, Cr, Sm, Cs, Ac, Pb—all Nuclear Medicine Isotopes
- Binds and removes radioactive skin contamination
- Non-corrosive, non-toxic, non-flammable, skin-safe formula with a pH of 6.5
- Safe on delicate detectors, probes and survey meters, as well as lead glass
- Ideal for cleaning washrooms, bench tops, fume hoods, floors—all surfaces
- Extremely effective on I-131; clean isolation rooms and patient accidents
- Safe to use on all CBRN Safety / HAZMAT Gear
- Safe for use on all firearms and optics, won't damage finishes
- 48 month shelf-life (if zip bag is kept sealed)
- Pleasantly scented - no harsh odors

CBRN DECON LIQUID SOAP - 16 fl.oz.

S4FE-D™ CBRN Decon Liquid Soap is the safest and most effective rapid decontamination product available. This liquid soap is PH neutral and allows for thorough washing and cleaning of the body without drying or damaging the skin for repeated decontamination and cleaning of skin, and can be effectively used while showering on skin and hair.

Our proprietary Bind-It™ Decontaminant Formula attracts, binds and encapsulates CBRN contamination in solution, while strong surfactants lift away dirt, dust, oils, grease, blood, biological material, chemicals, and radioactive contaminants. *Our ready-to-use liquid soap bottle contains 16 fl. oz. of Decontaminant Liquid Soap.*

- **Effective cleaner and decontaminant in one liquid soap formula**
- **Highly effective on: Tc, Mo, I, F, Tl, Ga, In, Cr, Sm, Cs, Ac, Pb—all Nuclear Medicine Isotopes**
- **Binds and removes radioactive skin contamination**
- **Non-corrosive, non-toxic, non-flammable, skin-safe formula with a pH of 8**
- **Extremely effective on I-131; clean isolation rooms and patient accidents**
- **Ideal for post-treatment cleansing, can be used effectively for showering on skin and hair**
- **Comes in an easy-to-use liquid soap pump/dispenser**
- **Safe, gentle formula won't dry skin or cause irritation**
- **Great hand cleaner for post-range training**
- **48 month shelf-life**
- **Pleasantly scented - no harsh odors**
